

CAD System™

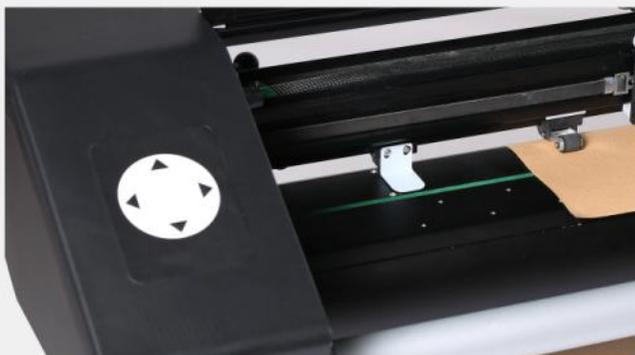

Masters of Technology

MT-CUTTER PLOTTER APPAREL PATTERNS 2IN1

Features

- Inkjet plotter and cutter in one machine
- Real time speed and press adjustment
- Real time error correction
- Real Time bi-directional control
- Reverse cutting and plotting
- High resolution (600 dpi)
- High accuracy (less than 1% tolerance)
- High speed (1200 mm/s)
- Long lifetime

Specification

Model	MT-SV-2IN1 - 160	MT-SV-2IN1 - 180	MT-SV-2IN1 - 200	MT-SV-2IN1 - 220
Max Paper Width	165 cm	185 cm	205 cm	225 cm
Max Cut/Plot Width	160 cm	180 cm	200 cm	220 cm
Plotting Speed With Resolution	80 Sq. M/Hr. 300-600 dpi	80 Sq. M/Hr. 300-600 dpi	80 Sq. M/Hr. 300-600 dpi	80 Sq. M/Hr. 300-600 dpi
Max. Cut Speed By Knife	900mm/s	900mm/s	900mm/s	900mm/s
Carriage Type	HP45A/B, 300-600DPI without maintenance			
Carriage Number	2 HP45 Cartridges		4 HP45 Cartridges	
Paper or Materials Types	Can continuously cut/plot the roll paper or board paper from 80gram to 500gram of white paper or yellow paper boards.			
Cut or Draw Length Warranty	Advanced and high-accuracy roller structure make the continuous & accurately cut and plot 500 meters be the true without joints			
Feeding Motor & 2nd Paper Feeder	Newly Auto-feeding paper Motor can make plotting X/Y size 100% accurate in 50KG paper rolls; 2nd auto-feeding Paper Roller System can be selected as option if have two kind paper to be used frequently			
Port/Interface Electricity Power	Super LAN Port and USB port as Interface <300W; 110-260V AC; 47-66HZ; (Option: 90-120V)
